Policies, Programs, and Projects

Community Programs

An ongoing family partnership program

The ongoing family partnership program is a collaborative effort to support families with children who are working towards stability and sustainability. The program is designed to identify and address the unique needs of each family, providing them with resources, support, and opportunities to improve their lives. By working closely with families, the program aims to empower them to make informed decisions and take control of their futures.

Children's Court Services

The Children's Court Services program provides support and assistance to families involved in the court system. The program is committed to ensuring that children and their families receive the necessary resources and guidance to navigate the legal process and make informed decisions. By providing education and support, the program helps families understand their rights and responsibilities, ensuring a fair and just outcome for all involved.

Community Programs

Programs and Services

- Family Partnership Program
- Children's Court Services
- Community Support Services
- Outreach and Advocacy Services

The program is designed to provide comprehensive support to families in need, offering a range of services tailored to their specific needs. By working collaboratively with families, the program aims to empower them to take control of their lives and make informed decisions about their future.
Abortion Alternatives Directory

Overview

The purpose of this directory is to provide comprehensive information about the abortion alternatives available in the area. This directory aims to help individuals make informed decisions about their reproductive health options. It includes details on local clinics, counseling services, and other resources that can support those facing an unplanned pregnancy.
